**Secondary School in Science**

Sreerampur High School, Dhaka, Bangladesh

Grade: A+

---

## PROJECT

### QuizWeb (Role-Based Quiz App)

- Developed a web app with three distinct roles (Admin, Teacher, Student). Implemented features like question upload, time limits, leaderboards, and role-based dashboards. Used Spring Boot for the backend and MySQL for database management.

### Employee Management System (MERN)

- Designed a modern UI for managing employee workflows, including features like live break tracking and admin dashboards.

### Portfolio Website

- Created a responsive and visually appealing portfolio website using React and Tailwind CSS.

### Food Delivery Web App

- Built a dynamic and user-friendly food delivery website showcased during BUBT Brainstorm Week.

---

## AWARDS AND RECOGNITION

- - Earned a certificate in Ethical Hacking from Bangladesh University of Business and Technology (BUBT).
- - Selected as a finalist in BUBT Brainstorm Week for showcasing a food delivery web app in the Web Project category.

---

## TECHNICAL PROFICIENCIES

- Programming Languages: Python, Java, JavaScript, C, C++, HTML, CSS
- Frameworks & Libraries: React, Node.js, Express.js, Spring Boot, Tailwind CSS
- Database Management: MySQL, MongoDB
- Web Development: Frontend and backend development with a focus on modern design and functionality
- Ethical Hacking: Vulnerability scanning, network analysis, penetration testing
- Web Scraping: Expertise in Python libraries like BeautifulSoup and Scrapy
